# MIXX DOORS

Mixx Doors is a one stop shop for all your Luxury requirements for Internal Doors, Sliding Doors & Partition Systems in Aluminium, Wood, Glass, Leather, Stone, Metal and other exotic materials with mixed combinations. Located in the National Capital Region of Delhi – Gurgaon, with an exclusive display over 25000sqft, it is an exclusive Indo-Italian association, for nothing else but the best-in-class technical solutions for your Internal Door requirements for the selective elite Indian Clientele.

Mixx Doors exclusively represents European profiles and hardware for the Indian market currently catering to High end Clientele and a very professional network of Architects and Interior Designers offering a combination of solutions in Aluminium, and wood Alu-systems for the Internal Door Range. Having more than 21 years' experience in installation of Doors and Windows and an In-house R&D giving us a lead over the other processing and fabrication workshops

Always at the center of Luxury Residences are the Mixx Doors sliding solutions that expresses its distinctive performance and aesthetic qualities. Thanks to its exclusive technical support and supplier from Italy that enhances its reliability of movements and its compositional versatility.

Qualities which are common to a collection of doors enriched over time of different designs and customised aesthetic proposals as desired by Architects and Designers, from the severity of the perimetric framed doors to the ones based on the design of original geometries and textures.

Implement for the organization of Luxury residence spaces, the Mixx sliding door collection can now be integrated for various options and styles.

The Mixx Doors collection is nothing but the result of progressive technical and stylistic research aiming nothing short of Tri-Balance between design, innovation, and reliability. The variety of solutions, such as swing doors, pocket doors, Flushed In line and with magnetic closure systems, makes the proposal absolutely unique.

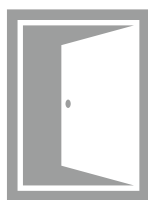

The versatility of the collection is underlined by the extraordinary range of glass, metal, leather, stone and wood finishes that can be freely combined, implementing the architectural feature of the line with the possibility of integration with various options and styles that the designer desires.

Glass partition wall system, always custom made, providing linear, corner and terminal solutions for the internal organization of domestic, public, or professional environments.

The versatile design of Mixx Partition is underlined by the possibility to combine it with Mixx sliding door collection and the wide availability of Decorative Mesh and fabric glass and various metal finishes.

HINGED DOORS

# FUMO SERIES

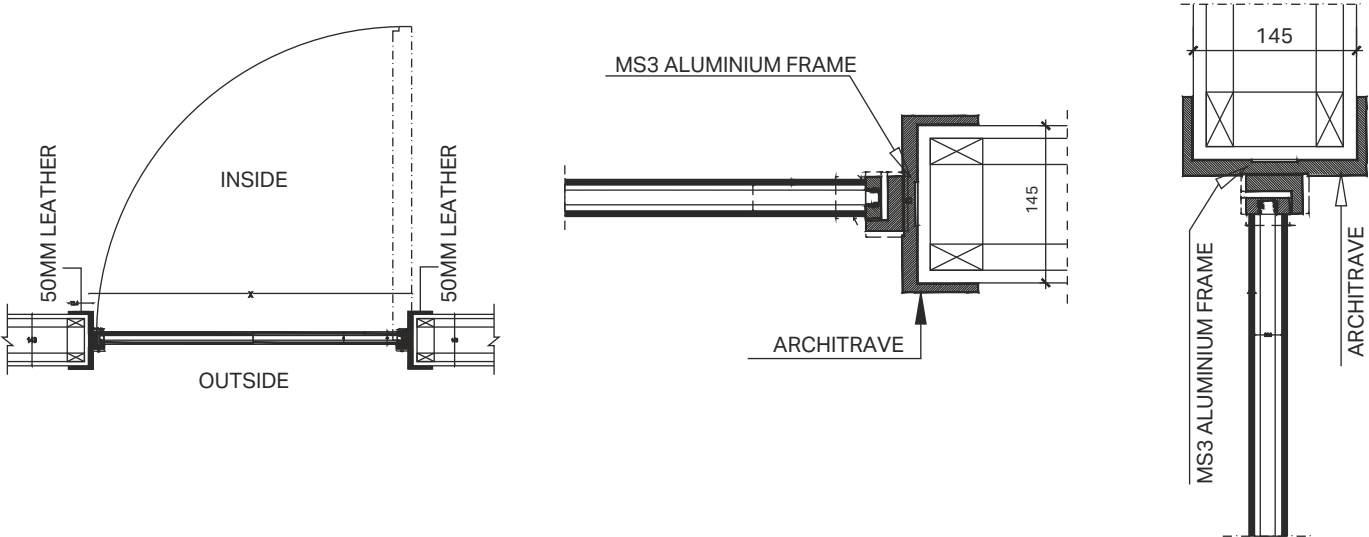

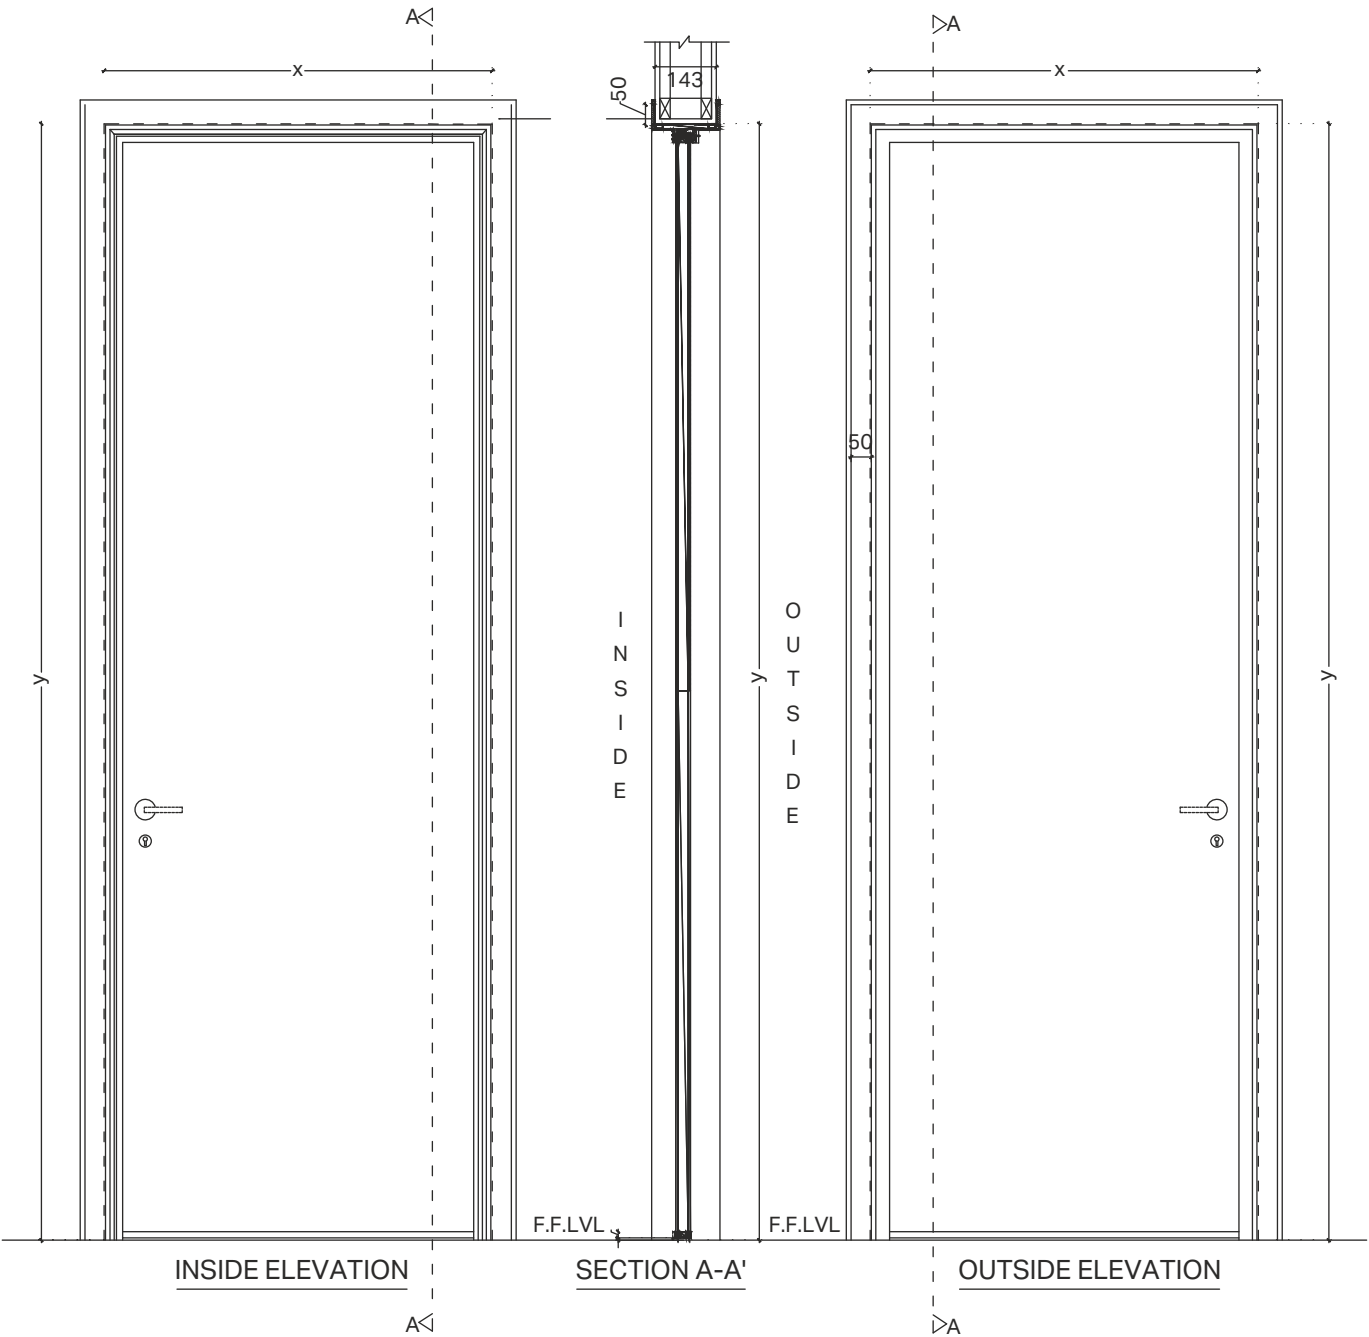

MXAL

In addition to the sun series of door frame this adds the possibility to go all aluminum with architrave in metal and insert of the door panel integrated into the architrave thereby showing accents of metal with wood veneer, leather, stone or even glass. This is when the sun shines like a true star, the fully loaded door panel and frame.

Available as Hinged and Sliding into the wall, with external doorjamb. The doorjamb, which is the peculiarity of this door, is made of an aluminum frame, available in oxidized finishes or lacquered mat, with insert in glass, wood or synthetic fabric. The door is made of an aluminum frame and double tempered glass, or fir-tree veneered panel in finish lacquered mad, wood finish mat or glossy and covered with synthetic fabric.

Composed of an aluminum frame, available in oxidized or lacquered finishes, it is combined with inserts in glass, wood or synthetic fabric.

# ORIGIN SERIES

## MXAL1

Origin series is the series from where it all began, it reflects the true need for a minimal aluminum door frame for straight lines with shadow groove that is matching to the wood door panel for the softness yet for the modern lines blending with high gloss PU doors. The performance of aluminum and softness of wood. Painted veneer with aluminum is also available where you would like to maintain the balance of classical intent with performance.

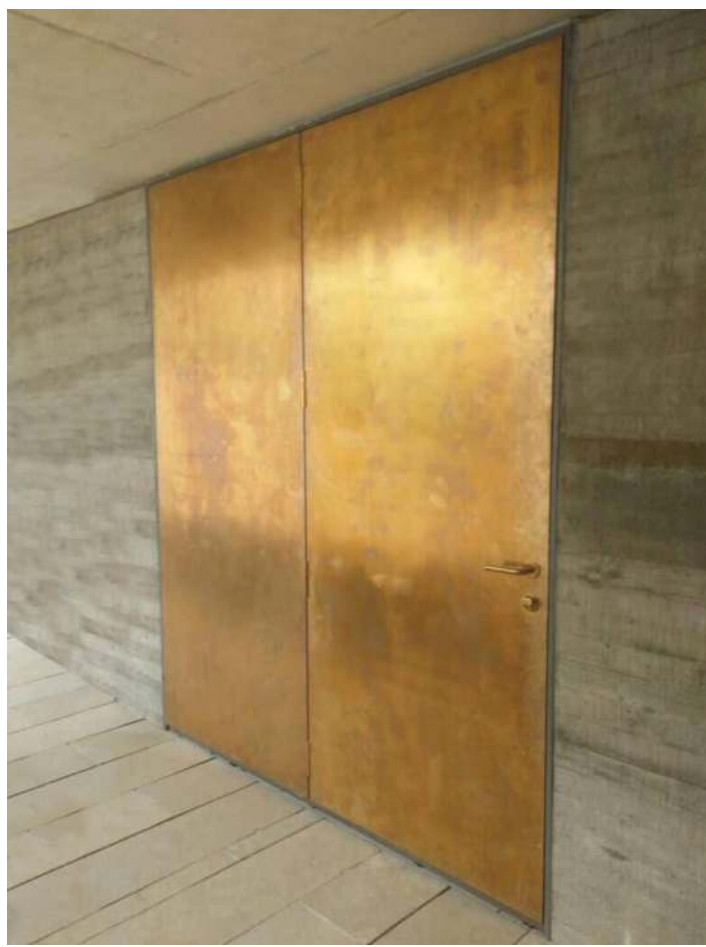

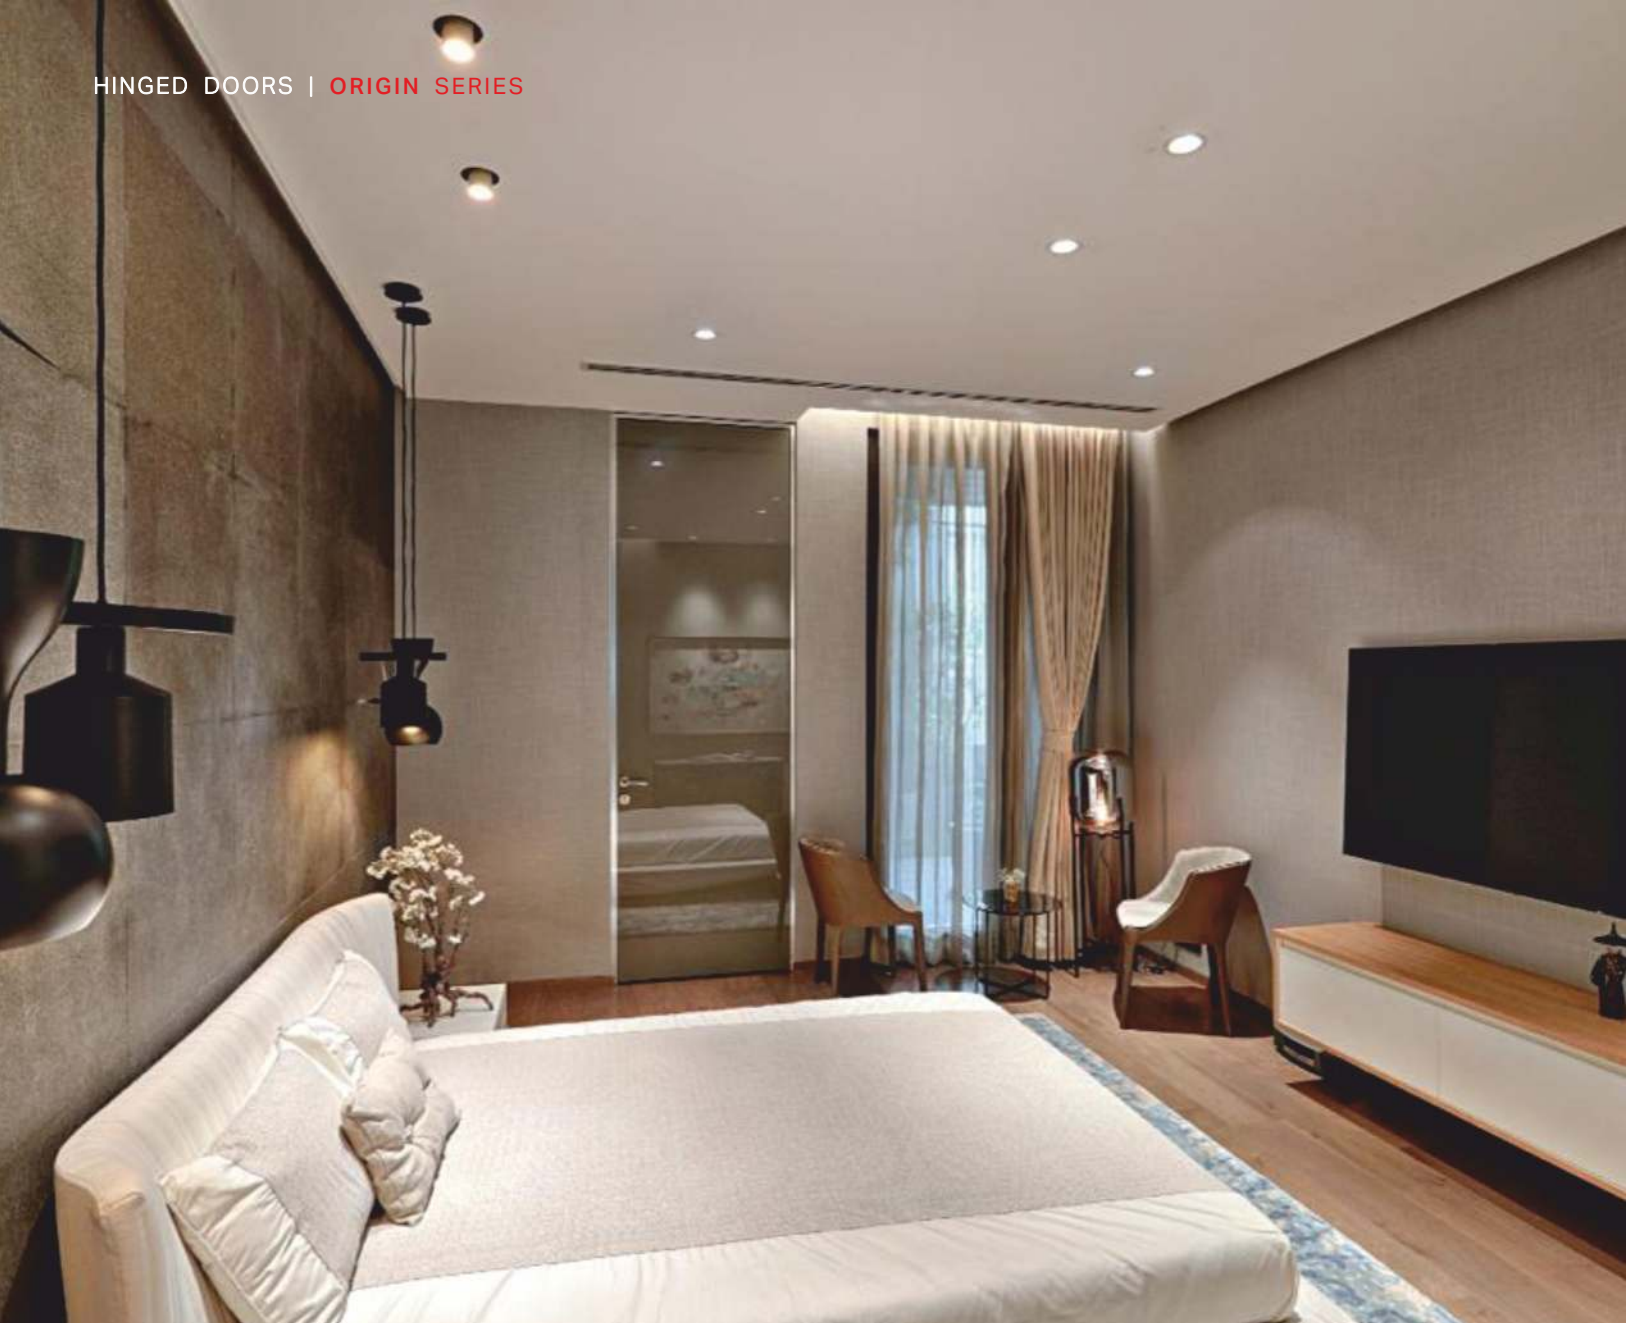

---

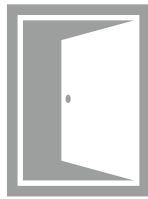

Door Frame	: Aluminium Anodised	Hinges	: Visible and Invisible
Door Panel	: PU / Veener / Leather / Painted Veener	Door Closer	: Optional
		Lock Body	: Magnetic
Rough Ground	: Required	Handle	: by others

HINGED DOORS

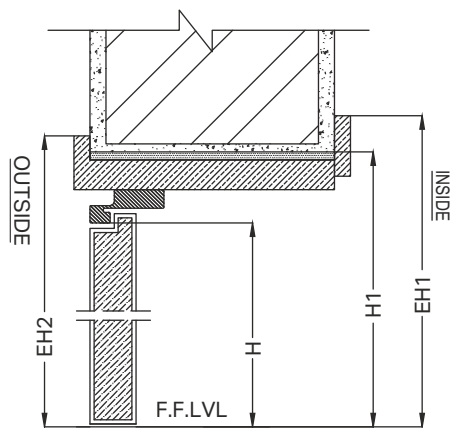

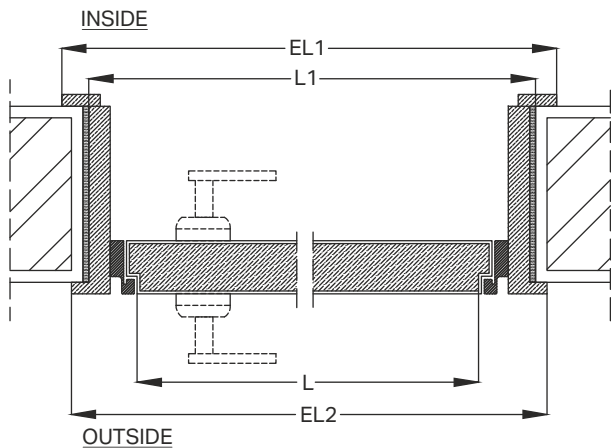

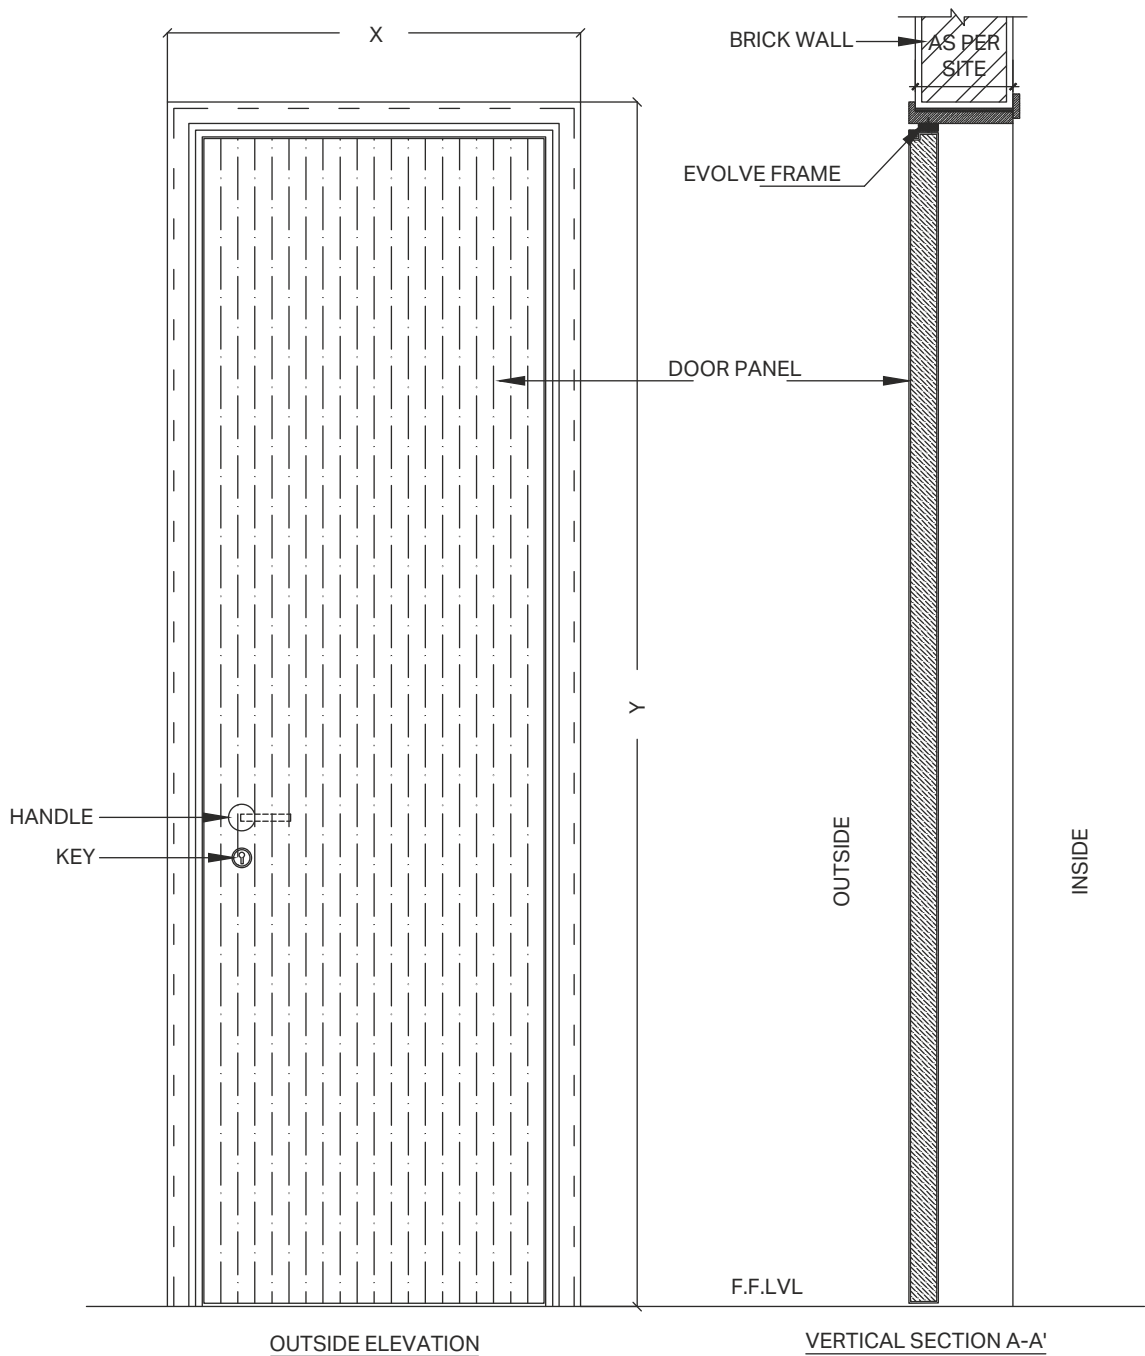

# EVOLVE SERIES

MXAW1

After the origin, it is natural to evolve, evolve reflects the richness of wood with minimal aluminum frame to have more richness by using wood in the house. It has both the aluminum door frame along with wood architrave for embellishment. Aluminum door frame giving the performance while wood architrave adding to the richness. The door is mounted on aluminum frame thus ensuring minimal contraction expansion and zero termites.

---

Door Frame	: Aluminium Anodised plus wood embellishment	Hinges	: Visible and Invisible
		Door Closer	: Optional
Door Panel	: PU / Veener / Leather / Painted Veener	Lock Body	: Magnetic
		Handle	: by others
Rough Ground	: Optional		

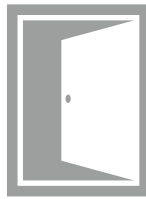

## HINGED DOORS

# OPTIMO SERIES

### MXAP1

The model with extra metal covering through and through, extra is always good. This model ensures that the entire walls are covered with aluminum metal frame yet giving a very minimal look as the frame only overlaps the wall with 5 mm and total face of frame is only 14mm

It is an original presence, capable of enhancing the space with its sophisticated line resulting from the contrast between the depth effect of the high-tech aluminum jamb and the flushness of the wall and door: an exclusive door that gives personality and visual lightness to your indoor spaces.

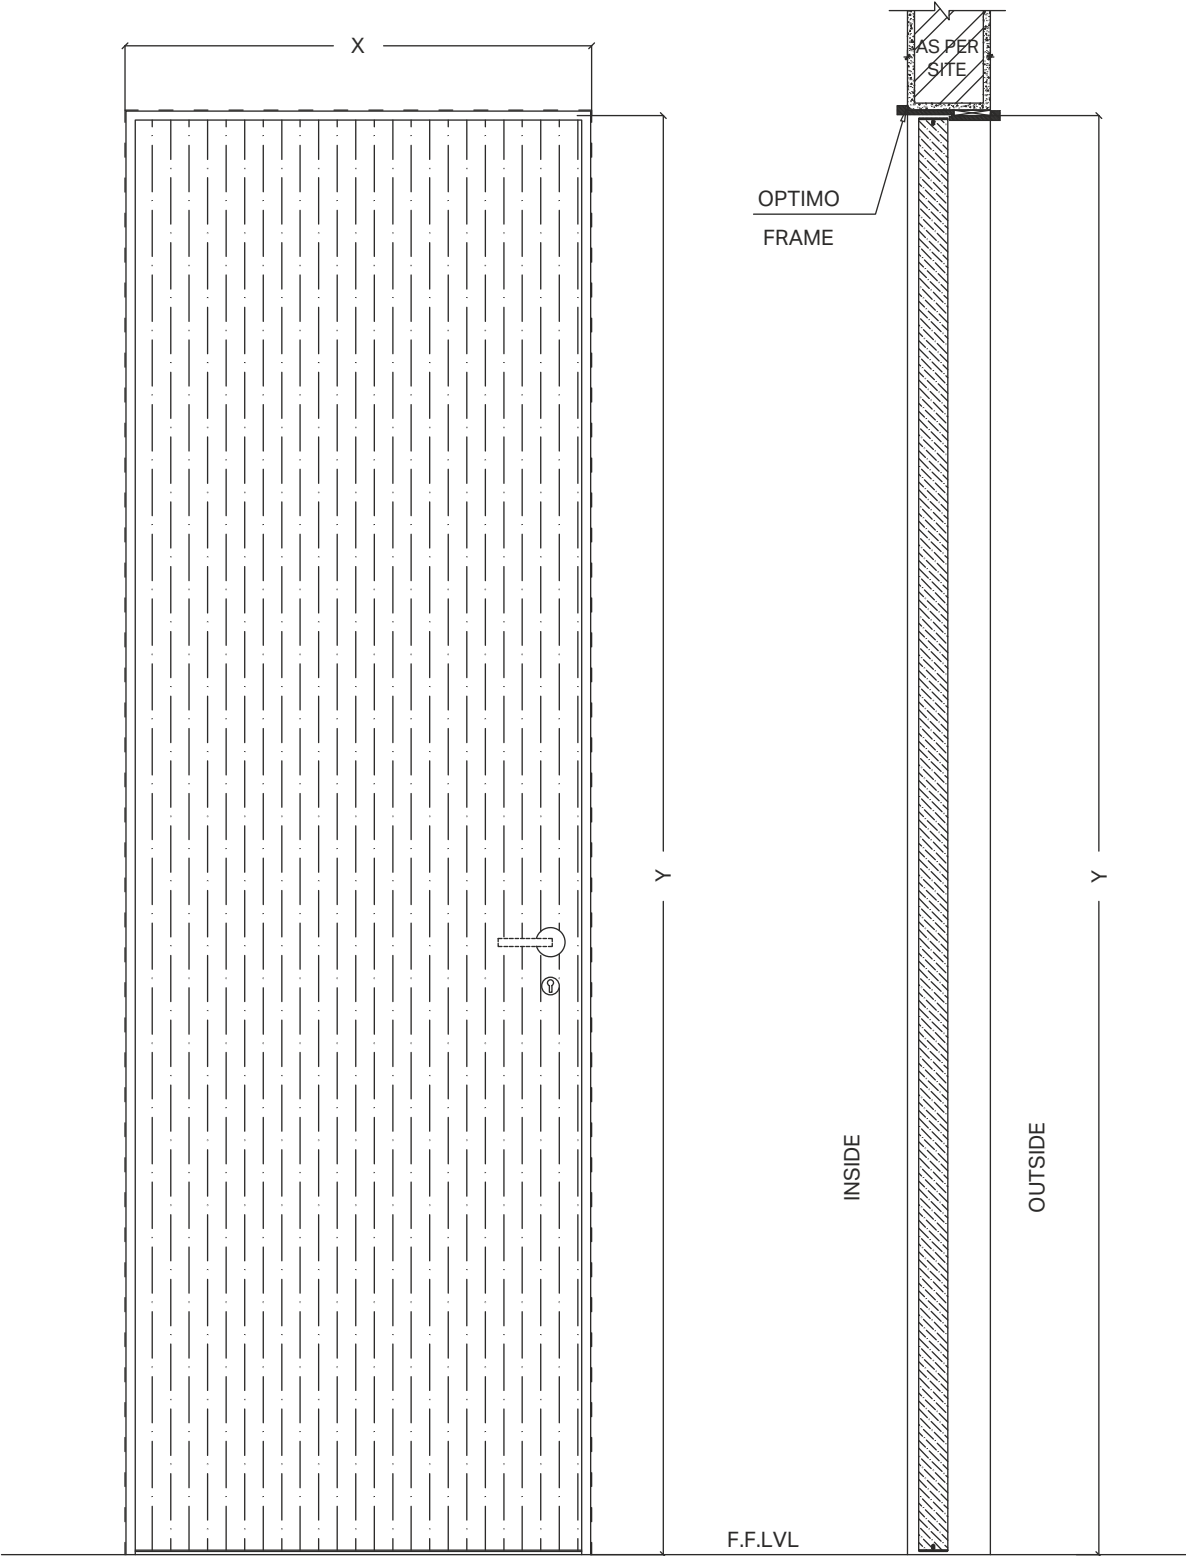

The range of finishes includes the noblest wood essences, metal, a palette of glossy and opaque lacquered colors.

The telescopic aluminum cover is standard for sizes from 105 mm to 135 mm, while the maximum wall thickness is 500 mm. The jamb is made of aluminum.

This modern-style interior door is complete with a magnetic lock, retractable hinges and noise-proof batting seals. The mounting takes place on a dedicated frame.

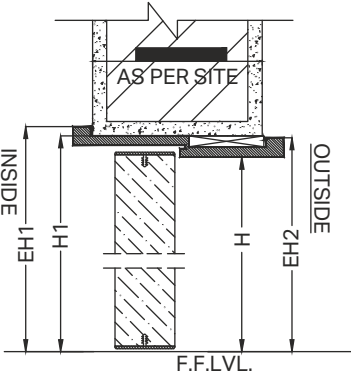

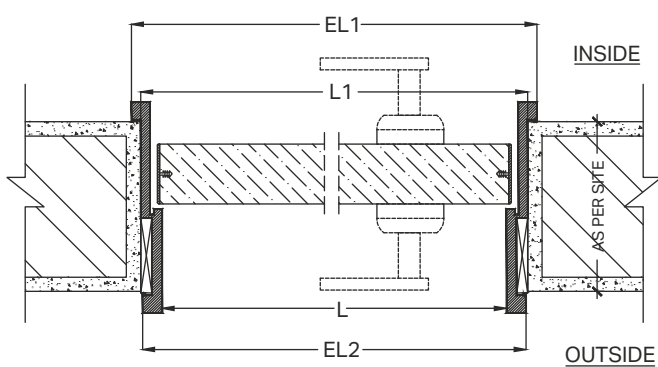

---

Door Frame	: Aluminium Painted	Hinges	: Pivot
Door Panel	: PU / Veener / Leather / Painted Veener / Solid	Door Closer	: Lock Body : Magnetic
		Handle	: by others
Rough Ground	: Required

# ELLE WOOD SERIES

MXAL

It represents the European classic metal frame that has been running since generations and still blends very well in both commercial and residences, this model follows and replaces wood door frame with integrated architrave all together giving it a robust design look and aesthetically appealing.

A contemporary-looking interior door in terms of concept, use of materials and technologies, but classic when it comes to aesthetics.

With its clear and essential line, the Elle Wood design door can furnish the most diverse spaces thanks to well-selected finishes that play with the light and transparency of glass and the sophisticated elegance of metal.

FRAMELESS DOORS

# Frameless SERIES

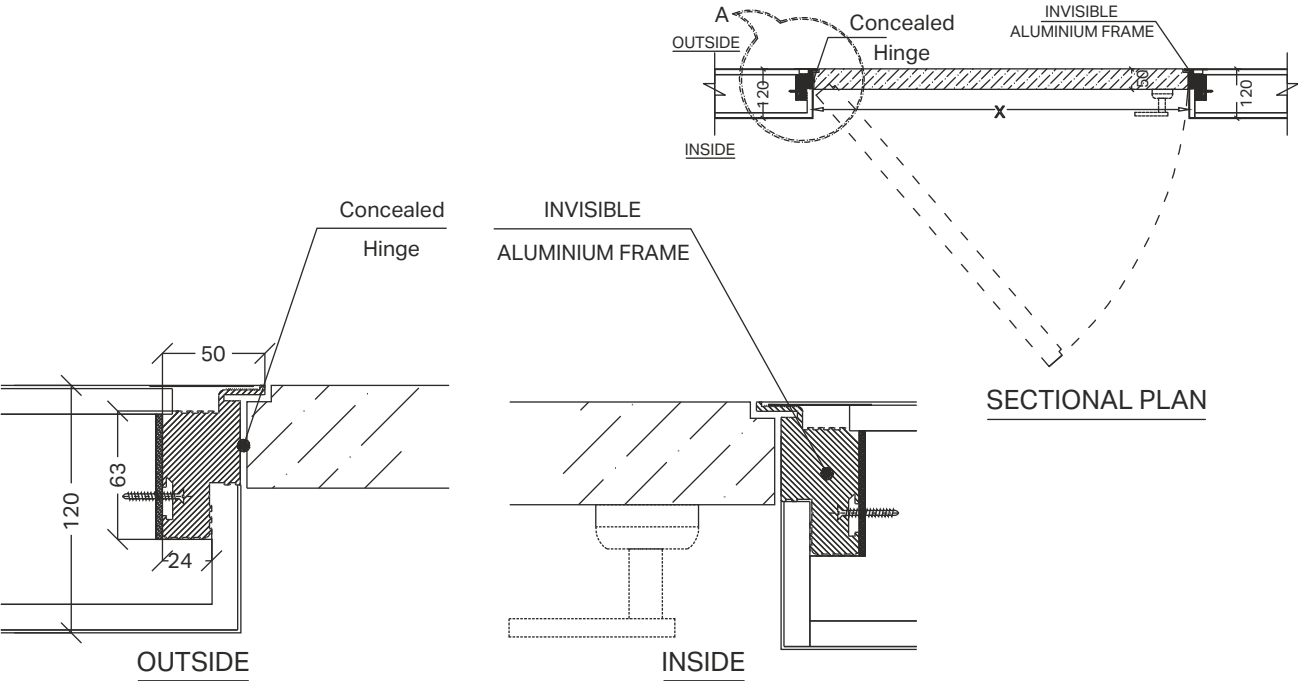

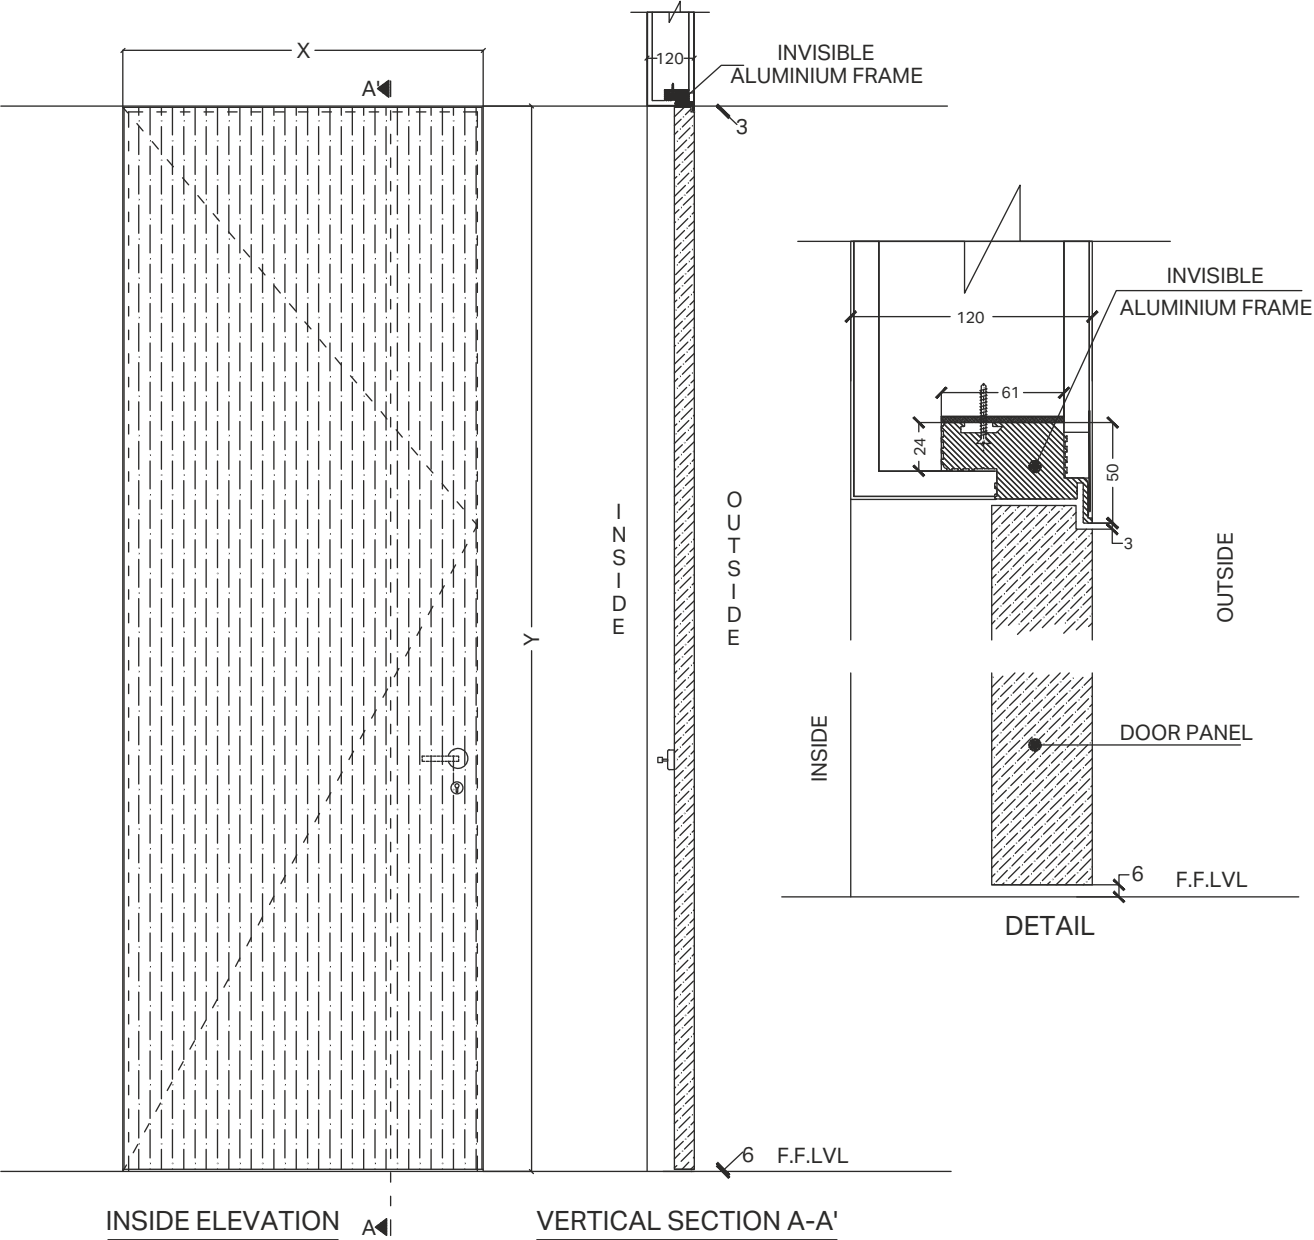

MXAW

As the name suggests, not everything visible is good, hence the frameless for super minimal door frames, for those who do not wish to see openings defined and want a free flow of walls that are seamless.

---

Door Frame	: Aluminium Primer/Painted	Hinges	: Invisible Only
Door Panel	: PU / Leather / Glass / Metal	Door Closer	: Optional
	/ Veener / Painted Veener	Lock Body	: Magnetic

# STRAIGHT SERIES

## MXAL

No curves or no bends as straight as it gets, as the name suggests super minimal detail that can be mounted even in passages without columns. Also ideal for Bathroom and Shower area, office blocks and partitions. Only 12mm visible.

The lightness of aluminum and the brightness of glass meet.

---

Door Frame	: Powder Coated /Anodised / Wood Finish	Rough Ground	: Required
		Hinges	: Pivot Visible and Invisible
Door Panel	: PU / Veener / Leather / Painted Veener / Laquered	Door Closer	: No
	Glass / Glass with Metal Trim	Lock Body	: Magnetic
		Handle	: by others

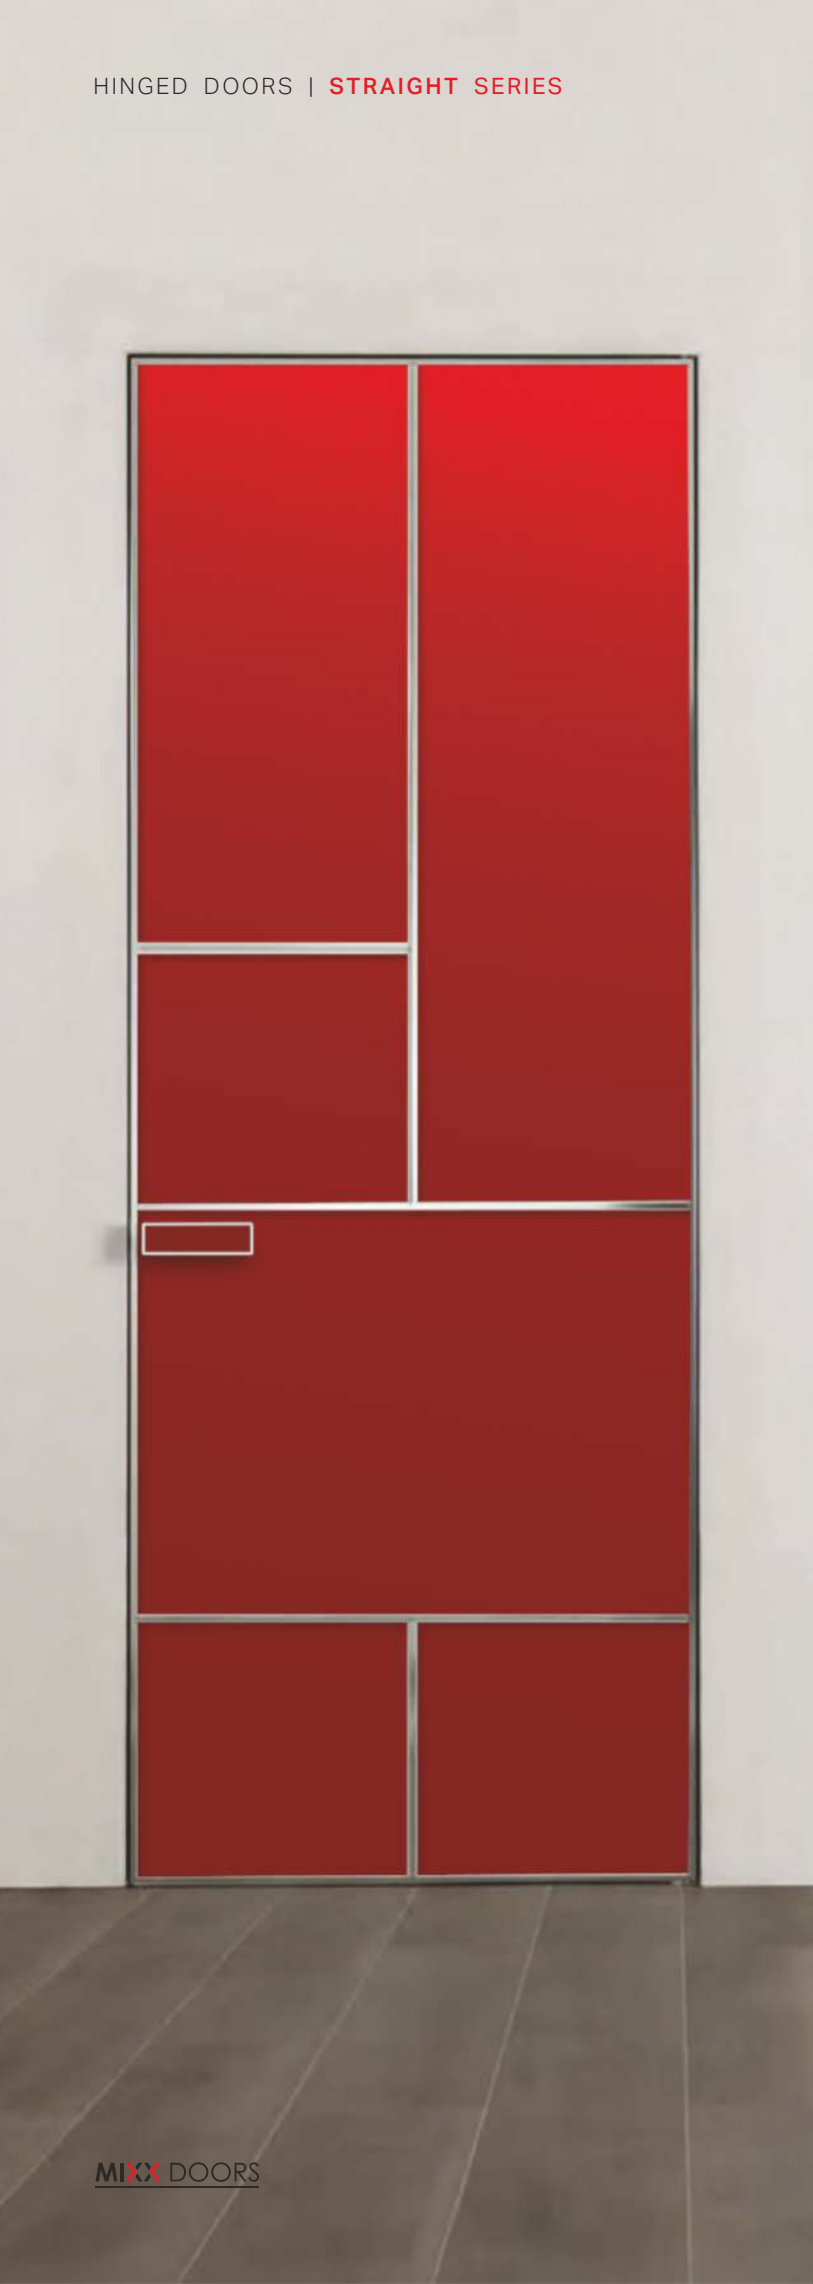

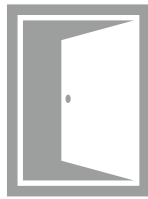

HINGED DOORS

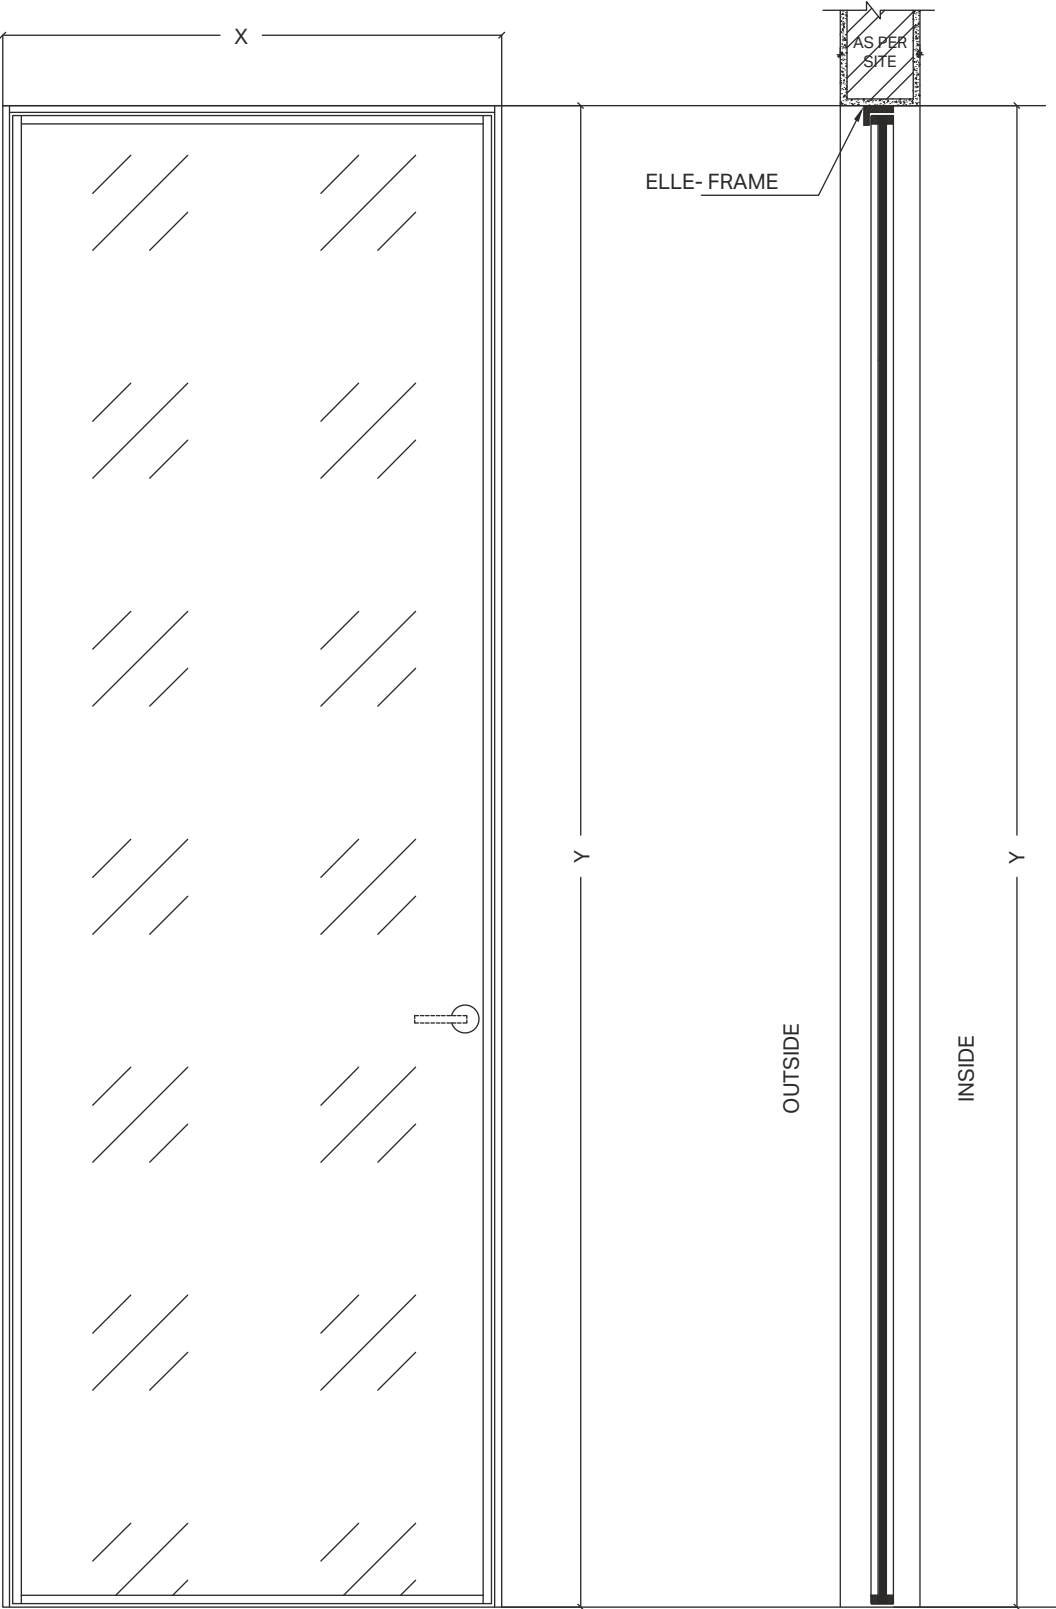

# ELLE GLASS SERIES

MXAL

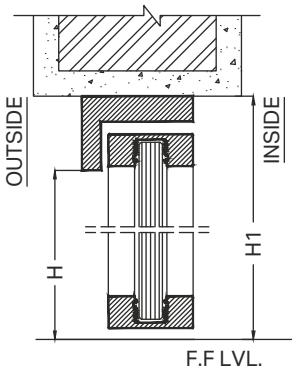

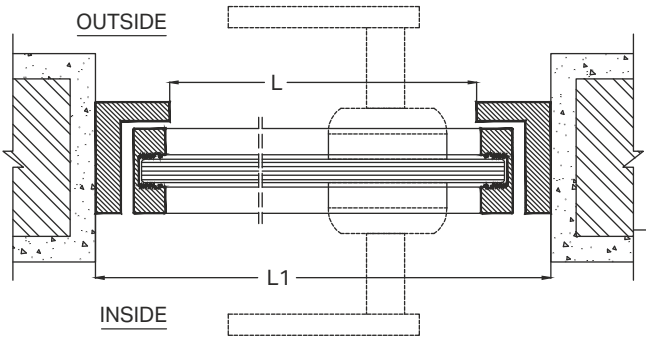

The Elle series is a combination of Aluminum Door Jamb with the possibility to have a door panel with aluminum frame and wood insert or glass. Aluminum in both panel and jamb minimized any warping that happens with the temperature and moisture ensuring a smooth performance all year long. The L shape of the frame commands the width where metal is to be shown and ensuring the thickness for aluminum panel door. Ideal solution where you want to have the same detail all throughout in your project playing with Glass and Wood combinations.
